

Kevin J. Huser

Registered Patent Attorney | Shareholder

Office: Park City

Direct: 435.575.1405

Office: 435.252.1360

khuser@mabr.com

Kevin's clients, whether Fortune 200 companies or startup entities, rely on his strategic advice to develop competitive patent portfolios both domestically and globally. Kevin also has extensive experience assisting clients with product development initiatives with a focus on avoiding and mitigating any potential patent infringement assertions, conducting freedom to operate investigations, providing design-around guidance, and establishing non-infringement and invalidity positions. Kevin also offers guidance on licenses and other agreements, and conducts intellectual property due diligence in connection with project financing, mergers and acquisitions, and various other business transactions.

Throughout his career, Kevin has been involved in a wide array of technologies including orthopedic and intravascular medical devices and related instrumentation and surgical procedures, pharmaceuticals, medical diagnostics, agrochemicals, agricultural equipment, wireless pest control systems and devices, and internal combustion engines, amongst others.

Outside of work, Kevin takes full advantage of the mountains surrounding his Park City office and home. Depending on the season, he can be found skiing, mountain biking, hiking, or boating with his wife and their three young children.

Education

- J.D., Indiana University Robert H. McKinney School of Law, 2006
- B.S., Butler University, Chemistry, 2003

Practice Focus

- Domestic and International Patent Prosecution
- Licensing, Other Transactional Work & Client Counseling
- Patentability Opinions
